PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This possible military complex consists of 2 areas approximately 1.4 kilometers (km) apart in the city of Khasavyurt. The western installation, approximately 1.1 km south-southeast of the railroad bridge over the Yaryksu River, is a possible barracks area. The eastern installation, a storage facility, is located approximately 1.8 km east-southeast of the bridge. A straight road connects the installations (Figure 1).

The possible barracks installation, covering approximately 48 acres, contains 1 probable

headquarters, 1 probable administration, 2 storage, 1 possible barracks, and 7 miscellaneous support buildings. The storage installation, covering approximately 26 acres, contains 1 possible administration, 10 miscellaneous storage, and 12 miscellaneous support buildings (Figures 2 and 3).

Fair-quality KEYHOLE photography [REDACTED] showed no appreciable change in the installation.

25X1D

DESCRIPTION OF INSTALLATION

Rail Service

The storage installation is adjacent to the only rail line in the city.

Road Service

The installations are served by city streets.

Administration and Troop Housing Areas

Area D1 contains 1 possible barracks and 6 miscellaneous support buildings.

Area D2 contains a probable headquarters building, a probable administration building, and a sentry shed.

Area D3 contains an undetermined number of residences (tree cover precludes a count).

Area D4 contains 1 possible administration and 5 miscellaneous support buildings.

General Storage Areas

Area E1 contains a storage building and a support building.

Area E2 contains a probable storage building.

Area E3 contains 10 miscellaneous storage and 7 miscellaneous support buildings.

Athletic Field

Area K is an athletic field.
